Comments – Previous Examination

The general comments and recommendations in the previous examination report and the subsequent action taken by the Company are listed below.

Current Findings:

The Company obtained and maintains \$50,000 of fidelity coverage.

HISTORY

General

The Company was organized on September 18, 1895, as the Pike County Farmers Mutual Fire and Insurance Company. On April 2, 1984, the Company amended its Articles of Incorporation to comply with Sections 380.201 to 380.591 RSMo (Extended Missouri Mutual Companies). The Company was then issued a Certificate of Authority by the Missouri Department of Insurance. In 1984, the Company changed its name to Pike County Mutual Insurance Company.

Management and Control

A board of seven directors provides oversight of the Company. Each director serves a three-year term with three directors elected in two of the years and two elected in a third year. Directors are elected at annual member meetings held on the third Tuesday in February. Special

meetings of the members may be called by the Board of Directors at any time or upon petition of one-fourth of the members. Eight members constitute a quorum at annual member meetings. Proxy voting is not permitted.

The Board of Directors consisted of the following members as of December 31, 2005:

Signed conflict of interest statements were obtained from all directors, employees and agents. These statements did not disclose any conflicting situations and no apparent conflicts of interest were identified during this examination.

Corporate Records

Articles of Incorporation, Bylaws, and minutes from the annual meetings and board meetings were reviewed. The Company is following the guidelines established in the Articles of Incorporation and Bylaws. The Board meeting minutes indicated that the Board is adequately

informed regarding the Company's operations. The Board formally acknowledged the previous examination report during its July 10, 2001 meeting. Attendance at the Board and annual meetings appears to be satisfactory.

FIDELITY BOND AND OTHER INSURANCE

The Company has acted to help minimize the risk exposure of the business. The Company has a fidelity bond totaling \$50,000 from Cameron Mutual Insurance Company. This meets the minimum level recommended by the National Association of Insurance Commissioners. The Company owns an agency and employs two agents. Errors and omissions coverage (aggregate limit of \$1,000,000) is obtained by the Pike County Insurance Agency and by each agent through the Missouri Association of Mutual Insurance Companies (MAMIC Mutual). Directors and officers liability coverage, with an aggregate limit of \$1,000,000, is provided by MAMIC Mutual. The Company has a property and liability policy for its home office provided by Cameron Mutual with limits of \$154,900 on the property and \$2,000,000 aggregate liability. Employees are protected by a workers compensation policy from Missouri Employers Mutual Insurance Company.

EMPLOYEE BENEFITS AND PENSION PLANS

The Company has four full-time employees; the manager, two agents and a secretary. The Company also has an independent agent. Benefits provided include group health insurance, paid holidays, vacation and sick leave days. The Company has no retirement plan but the Company offers a deferred compensation program. The Company also pays for continuing education seminars for agents.

INSURANCE PRODUCTS AND RELATED PRACTICES

Territory and Plan of Operations

The Company is licensed by the Missouri Department of Insurance to operate under Sections 380.201 through 380.591 RSMo (Extended Missouri Mutual Companies). The Company is authorized to write fire, windstorm, and liability coverages throughout the state but writes primarily in Pike and surrounding counties. The board of directors sets rates and authorizes exclusions. The Company advertises in local newspapers, radio and through various promotional activities in the community. The Company also has a web site.

Policy Forms and Underwriting Practices

The Company uses policy forms supplied by the American Association of Insurance Services (AAIS). The Company issues continuous renewable policies with inspections and updates required every three years. The Board of Directors approves rate changes.

Most claims are adjusted by Central Missouri Consulting and Adjusting while the Company's agents adjust only minor claims. Information is gathered for liability claims and forwarded to Grinnell Mutual Reinsurance Company, the reinsurer, for liability coverage. When claims are made, policyholders' files are placed in separate folders until the claim is closed.

GROWTH AND LOSS EXPERIENCE OF THE COMPANY

	<u>2001</u>	<u>2002</u>	<u>2003</u>	<u>2004</u>	<u>2005</u>
Admitted Assets	1,430,872	1,521,942	1,539,291	1,470,378	1,686,674
Liabilities	21,700	276,569	233,196	337,066	281,338
Gross Assessments	587,474	607,190	679,246	734,655	776,324
Losses Incurred	356,622	315,097	368,983	761,157	245,237
Investment Income	45,432	58,983	54,032	56,047	61,990
Underwriting Income	44,576	(26,213)	13,630	(222,156)	216,017
Net Income	86,372	27,586	60,722	(172,783)	273,020
Policies In Force	1,383	1,403	1,411	1,446	1,424

These figures are based on data from annual statements provided by the Company. Losses incurred do not reflect any reinsurance recoveries. These results indicate the Company is growing in terms of premiums written and in the number of policies in force. The net income earned each year is attributed to both strong investment income and positive underwriting results.

REINSURANCE

Assumed

The Company does not assume any reinsurance.

Ceded

The Company has reinsurance through agreements with Grinnell Mutual Reinsurance Company. Various larger risks (those in excess of \$500,000-\$750,000) are covered through facultative agreements with Grinnell. The remaining in force business is covered by the following agreements:

Individual Occurrence of Loss Limit Reinsurance Agreement This contract provides that the Company retain the first \$50,000 of loss (wind or fire), each risk, each occurrence. The premium for this coverage is charged at a monthly rate based on the adjusted gross fire risk in force per \$1,000 at the end of each month during the contract year.

Aggregate Excess Reinsurance Agreement This is an unlimited aggregate excess of loss agreement with an attachment point that is calculated yearly. The premium for this coverage is

charged at a monthly rate based on the adjusted gross fire risk in force per \$1,000 at the end of each month during the contract year.

One Hundred Percent (100%) Quota Share Liability Reinsurance Agreement This agreement cedes all of the Company's liability premium to the reinsurer, who in turn, pays all liability losses. The Company receives a ceding commission equal to 20% of the subject net written premiums.

One Hundred Percent (100%) Quota Share Earthquake Reinsurance Agreement This agreement cedes all the Company's earthquake insurance premium to the reinsurer, who in turn, is responsible for all earthquake losses. The Company's ceding commission is built into the formula of the premium that the Company pays.

ACCOUNTS AND RECORDS

The Company maintains financial records primarily in an automated system. Accounting records for premiums, claims and financial reporting are kept on a mutual insurance company software package from Rural Computer Consultants. Claims are kept in separate open claims folders. Once settled, they are moved to the closed claims file area.

Overall, the Company's accounting system appears to be adequate to meet management and financial reporting requirements. A public accounting firm, Van de Ven, LLC, prepares the Company's financial statements, tax returns and annual statement. The annual statement was prepared on an accrual basis and included an unearned premium reserve.

FINANCIAL STATEMENTS

The following financial statements, with supporting exhibits, present the financial condition of the Company as of December 31, 2005, and the results of operations for the year then ended. Any examination adjustments to the amounts reported in the annual statement and/or comments regarding such are made in the "Notes to the Financial Statements" which follow the financial statements. (The failure of any column of numbers to add to its respective total is due to rounding or truncation.)

There may have been additional differences found in the course of this examination, which are not shown in the "Notes to the Financial Statements." These differences were determined to be immaterial concerning their effect on the financial statements, and therefore were only noted in the workpapers for each individual annual statement item.
